The image displays nine Dettol Taski disinfectant containers. The top row features four containers: Taski TR103 (yellow), Taski TR101 (orange), Taski R1 (pink), and Taski R2 (light blue). The bottom row features five containers: Taski R3 (light blue), Taski R5 (maroon), Taski R6 (medium blue), Taski R9 (dark blue), and an unlabeled container (dark blue). Each container is a different color and has a label with the Dettol logo, the product name, and a barcode. The labels also indicate the volume of the container (e.g., 5 Litre, 10 Litre, 20 Litre).

We, at **Goodlife Essentials**, also offers Eco-friendly & Biodegradable Disposables with versatile characteristics, adaptable for a wide range of product solutions. Working closely with our customers, we analyse their performance needs and create products with customised characteristics.

Goodlife Essentials provides wide range of Covid Essential products including Masks, Gloves, Sanitizers, Sodium Hypochlorite & Professional Disinfectant Services.

We do also repair your Valuable IR Thermometers, Oximeters, Oxygen Concentration, Fogging Machines etc.
